watertight sliding doors

# LUCE W

The Works series models are ideal in situations where weather conditions are particularly harsh, for example on boats, or where a high level of hygiene is required. The supporting profile and cover, components and screws are made entirely of AISI 316L stainless steel, ensuring maximum resistance. The box containing the motor and the electronics is IP65 rated and ensures maximum water- and dust-tightness. Available in single-leaf (up to 200 kg) or double-leaf (up to 130+130 kg) versions.

www.myoneautomation.com

Operator for sliding doors with three-wheeled carriages, which ensures that the doors are very stable and easy to adjust, both in height and depth. The supporting profile and cover, components and screws are made entirely of AISI 316L stainless steel. The box protecting the motor and control unit is IP65 rated. The operator has a control unit with LED alphanumeric display, full-range switching power supply (100-240 V 50/60 Hz) and battery charger. The presence of a USB connector makes it quick and easy to update the firmware as well as to copy parameters and operating logics to a new system instantly. Continuous operation guaranteed.

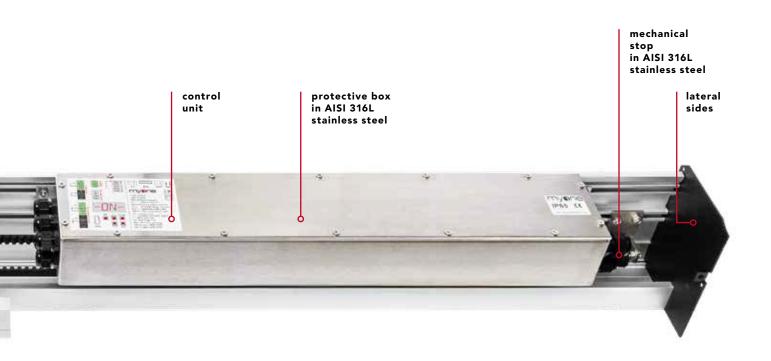

#### technical data

| power supply                  | full range 100÷240 Vac   50/60 Hz |
|-------------------------------|-----------------------------------|
| power consumption             | 70 W                              |
| power consumption in stand-by | 3 W                               |
| accessories power supply      | 24 Vdc = / 1 A max                |
| maximum speed 1 door          | 0.8 m/s                           |
| maximum speed 2 doors         | 1.6 m/s                           |
| maximum load 1 door           | 200 kg                            |
| maximum load 2 doors          | 130 + 130 kg                      |
| type and frequency of use     | continuous operation = 100%       |
| operating temperature         | -15°C / +50°C                     |
| protection degree             | IP65                              |
| data backup memory            | USB flash drive                   |
|                               |                                   |

2 leaves max. weight 130 + 130 kg

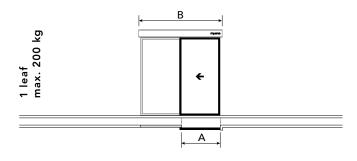

#### watertight preassembled

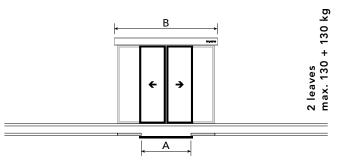

\*The values of the passage size (A) and of the leaf are indicative and include an overlap of around 50 mm.
